

**One Agenda
The Higher Education Forum
November 21, 2013**

Discussion Questions

Please introduce yourself, explain what you do at your institution, and why you are interested in *One Agenda*.

1. To your knowledge, do high schools and colleges in the Tulsa area align their curriculum in English and mathematics?
2. Should English and mathematics curriculum be aligned from high school to college? Why or why not?
3. What barriers or challenges do you anticipate in a collaboration among high schools and colleges, and how can *One Agenda* address those challenges?
4. What should be the top priorities in the action plan for *One Agenda* in the coming year?
5. What was the most important issue that was raised at your table tonight? Please write your answer on the index card in your packet and leave it on your table when you leave. You do not have to sign your name.

Within the next 24 hours, you will receive an email message containing a link to an online survey about tonight's event. The Higher Education Forum will collect your index cards and use the results of the online survey to develop an action plan for *One Agenda* for the coming year.

- ❖ ***Be sure to watch your email in-box for an online survey about One Agenda in the next 24 hours.***
